DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This farm complex is located at the end of a private lane which extends in a northerly direction from Salem Road about one half mile west of Maugansville, in Washington County, Maryland.

The house, a two story, six bay brick structure painted red, is situated on high ground and faces south. The four eastern bays of the house are recessed beneath a double porch which is included under the main roof span. The porch is partially enclosed by the end wall of the house. The entire structure rests on fieldstone foundations.

The portion of the front wall of the house which is flush with the eaves displays Flemish bond brickwork. The remaining part of the front wall, the side and rear walls display American or common bonding. Flat arches are present above the windows and doors.

Windows have very narrow frames which hold two over two pane sashes. A six over six light sash remains in the end wall of the porch. The windows are flanked with pairs of shutters. Those shutters at the first story each have three low relief panels while the upper windows have louvered shutters. Set high in the west gable is a large semi-circular window. Beneath it some alterations in the brick work suggest that this window is not original. Entrances are located in the third and fifth bays from the west end.

The roof is sheathed with asphalt shingles and extends beyond the end walls of the house. Large double chimneys are located inside the west end wall. Other chimneys rise from inside the east end wall. A third brick chimney extends from the interior of the house near the east end.

A barn and other outbuildings are located north of the house. They appear to be in excellent condition and stand on a tract containing 135 acres.

STATEMENT OF SIGNIFICANCE

This brick farmhouse, six bays in length with a recessed double porch along part of its front elevation is significant as an example of a distinct architectural type in mid 19th century in Washington County. Dated houses in the area following this plan were built between the years of 1840 and 1860. Most of these houses are of brick construction. They are a prominent local farmhouse type.

The farm which includes parts of the land grants "Salem," "Resurvey on Plunk's Doubt" and "Good Will" has been in the family of the present owner since the 19th century.
